Multiculturalism is being used against Humanity

The Kalergi Plan

Kalergi described his dreams for a One World Government with its foundations in the European Union. He hoped that the European project would go on to become the blueprint for a society run entirely by the global elite over a powerless population. He would achieve this by uncontrolled mass migration.
Every European country is doing the same things. Has anyone noticed this?

"Einstein Wrong and Special Relativity Revisited"

The Cloward–Piven Strategy

In a 1966 essay published in The Nation, sociologists Richard Cloward and Frances Fox Piven introduced the Cloward-Piven strategy, a political approach aimed at creating chaos to prompt a political crisis that could lead to legislation for a guaranteed annual income and an end to poverty. Fast forward to the present day, and some argue that the events of the past year, including the COVID-19 pandemic and allegations of a rigged election, echo the principles of Cloward-Piven, resulting in a significant shift in American leadership and direction.

The objective of Cloward-Piven is clear: induce chaos and turmoil with the ultimate goal of recruiting the poor onto the welfare rolls. According to the sociologists, a federal program of income redistribution becomes necessary to lift the poor en masse from poverty once chaos is established. This perspective sheds light on recent developments, particularly the response to the pandemic and the measures taken by the government.

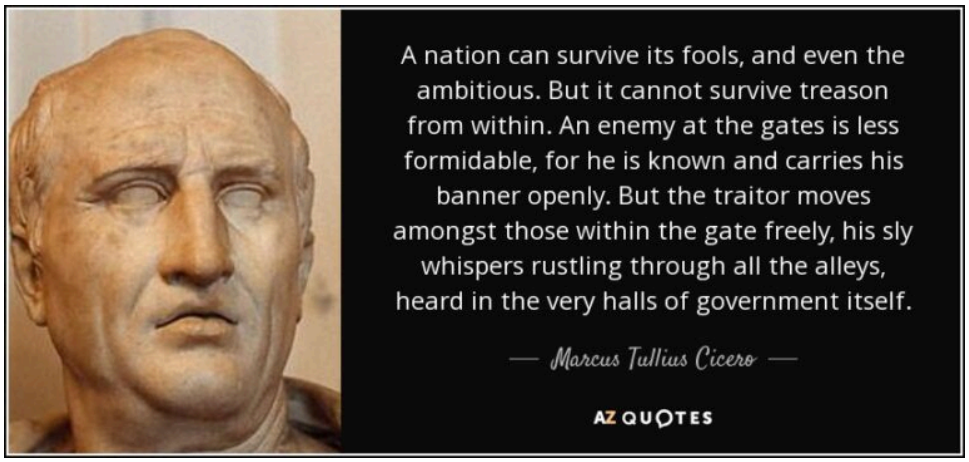
Treason From Within



"A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself." – Marcus Tullius Cicero

"In our country , the lie has become not just a moral category but a pillar of the State." – Solzhenitsyn

From the first link:

We are told the speed of light cannot be exceeded. What if that is wrong? What if Einstein was wrong and the theory of General Relativity is incorrect? Could that open up a whole new world of possibilities?

In May 2025 The Alternative View returns to Glastonbury where Roger Anderton will be asking those questions and putting forward an exciting new model.

Roger Anderton is from the John Chappell Natural Philosophy Society – a group that was formed on the idea that Einstein's relativity is wrong (especially special relativity is wrong). In relativity there are many paradoxes (such as twin paradox) which are really contradictions; thus the believers in relativity are talking nonsense. In trying to get this information out to the general public we have found our voice has been mostly blocked.

For first time in UK we are presenting publicly the film Einstein Wrong by David de Hilster which has been prevented from being shown at film festivals. Physics has been corrupted by relativity nonsense.

Event hosted by Gary Fraughen.

"I am trying to write about this in a way that is accessible to many – many people will see someone complain about multiculturalism and that the white race is being targeted for extermination, and they think "oh it's just 'white supremacists' or 'nazis'." or something like that, so that they can dismiss it – but it really is a problem. And it will affect the whole word in a negative way – all this multiculturalism is being used against humanity, I know it may not seem like it to you right now – but you don't know how these Jewish Supremacists / Zionists and Freemasons work, it is a big part of the Zionists plans (And we must get this clear as well – it is not the ''Illuminati' or any other similar name – it is the Jewish Supremacists / Zionists that are causing all the problems on this planet – this is not racist or antisemitic, it is a totally objective assessment based on facts and documents – and easy to find facts, if you are not scared to learn the Truth. The New World Order agenda all stems from jewish doctrines.

It is important that you realize how much control, of the world and our governments, these Jewish Zionists have, which stems from their control of the debt based financial slavery system that they run and control. It is important for your to also realize that the elite Jewish Zionists practice Satanism and want a Satanic / Luciferian future for the planet – this is easy to find out about – do your research. This is serious stuff we are talking about here – I don't write about these subjects for fun, it is not a hobby – I do it because I care and because I understand the huge threat that humanity is facing if they don't wake up and do something about it soon. Good post Pete. It's not racism, classism, sexism or any ism. It an orchestrated, unified, all encompassing and pernicious attack on every single one of us. Whoever or whatever is doing it has our parasitic leaders in some kind of dragon sickness. Probably under some promise of position or power in the coming new age. Sadly they will be let down as they always are. When that happens there will be nowhere for them to hide. Karma is a bitch and she's coming soon.

Spot on Pete, with the Kalergi philosophy reinforced by the Barbara Lerner Spectre video.
Correct me if I am wrong, but I've come to the conclusion that it is not all Jews that are the problem. Apparently there are reasonable, normal orthodox Jews, but the problematic ones are the Talmudic Jews. Their teachings are, from what I've seen are pretty horrific in their intentions against the 'goy.'
You are so correct about the satanic side of it too, I don't know how many have seen the Hilary Clinton 'frazzle drip' pictures but they are horrific and have only shown to people who have requested to see them, but I have recently seen them on a Facebook post, which unfortunately was 'good' to see, this stuff could finish some people off, I'm sure.
Reportedly some 8 million children go missing each year around the world and for me is the number one subject people should be informed of, as horrific as the truth is.
Anyone remember the Hampstead satanic abuse case that google insists was fake, suelry those 2 young children couldn't make that stuff up. YT, '231 papa kills babies' to see a short edit, longer videos you will find from there.
These 2 children now supposed to live with the father, abuser, in the USA.
Victoria Derbyshire interviewed the father and was happy to hear him explain it away as all lies from the mother, who told the children exactly what to say, hmmm.

You are basically correct Kneepad, not sure about Orthodox though, best term would be assimilated Jews. Who were in the majority previously. Not any more though because many anti Zionist assimilated Jews have been victims too. Many perished at the hands of the communist/zionists. Communism and Zionism are two wings of the same Talmudic beast. And it's some beast. Multiculturalism is one of their bastard offspring, one of many

The history is absolutely fascinating too. Always the same MO, money creation and consequent influence. Latching on the the current Hegemon. Bleeding it dry whilst having it fight it's wars to destroy the goys and any other opponents [including assimilated Jews who were some of the most vocal opponents in 20th C]

For chapter and verse then read Douglas Reed's 1956 book "The Controversy of Zion". He covers the whole history starting in about 500 BC. It's a fascinating story and it's well worth reading just for what he reveals about 20thC alone

Anyone ever watched this movie from YT. A brutally honest, hard hitting and dark film about the Bolshevik Revolution and the treatment handed out to the Russians, by the same old group, the fake Jews aka the Khazarians. I've heard the stereo typical big nose of the Jew is really a Khazarian feature of people from the Eurasian Steppes and their history goes back over 1,000 years, over which time period they have plundered, tortured, raped and pillaged their way across the continent and beyond.

Ultimately this is all stoppable if those sworn to protect us do their jobs. In the UK we could have the army defending the beaches, the navy in the sea and the RAF in the air. It's not rocket science. The armed forces are paid to defend us. If they are unable or unwilling they should step down and be replaced by someone with passion, heart, guts and above all patriotism. Currently the navy and border force are stealing a living. In the real world they would be under special measures or sacked for piss poor performance. If in the unlikely event they know in their hearts they are destroying their own country they should refuse the orders and resign. If they carry on complying their country and their people will be gone. As I see it the only glimmer of home we have is veterans coming together, create a peace force and patrol the UK beaches. If they lead then I'm sure good decent people will support them. Good men are better led by good men supported by even better women. The time for politics is over. Not one politician is stopping this and IMO, never will.

A good article John. Mention was made of anti-Semitism, but the Jews are the biggest manufacturers of anti-Semitism, defacing Synagogues and Jewish cemeteries. We just don't go round hating Jews but treat them as people to be wary of. Its not the immigrates who are to blame, its those who let in, and is they who should be punished!
